PROPERTY SOLUTIONS

CREATING CERTAINTY WHEN SELLING YOUR HOME

*Selling your home does not need to create anxiety and stress.
Here are the top four factors to consider to ensure a smooth process for all.*

STRUCTURAL COMPLIANCE

Obtain a compliance certificate. One of the most important factors when selling your home is to ensure all improvements and additions made to your property are compliant with the municipal regulations. As a seller you need to pay the local authorities to inspect your home to confirm whether municipality-approved plans correspond with the built structure. If issues arise, you as the seller will need to make changes in order to receive the compliance certificate. This certificate assures buyers that there won't be any expensive surprises.

KNOW YOUR DATA

Setting a realistic price makes negotiations between buyers and sellers easier. You need to know what comparative properties sold for over the past few years, in order to determine the market price. These statistics can be derived from the Deed's Office. The bank valuation is valuable, but should not be your only data. Explore the prices of homes currently for sale in the market to know what your property is competing against. In today's market, what a willing and able buyer is willing to pay for your home determines the market price.

PRESENTATION & ACCESSIBILITY

Staging is important for both buyers and sellers. For sellers it increases the chance of selling the property quickly at the best possible price. For buyers it allows them to envision what the property could be and connect emotionally. A staging tip: Declutter your home, this makes it easier for potential buyers to imagine themselves living there. Be sure to remove any family photos and other sentimental items. Also, accessibility to your property is key when a willing and able buyer wants to view the property. This may make or break the deal.

HOW THE PROPERTY IS MARKETED MAKES A DIFFERENCE

It's advisable to choose an exclusive mandate specialist to market your property. These specialists ensure a more generous budget for well-managed, timely marketing from the agency. The agent gets to know your home intimately and controls viewing access, thus reducing security risks. Sellers are guaranteed the highest possible price in the current market as well as consistency of price versus an auction feel. Selling or buying a home is your biggest investment. Following these simple steps can create certainty, leading to happy buyers and sellers.

DOUBLE UP WITH TWO HOMES ON ONE PROPERTY!

With its 180 degree views, this East facing home ensures you a breathtaking sunrise every morning, each one more beautiful than the last! This property consists of two separate homes, there is two or more of everything, even the view! It is designed for two families to live in together and yet separate, or it is also suitable for an embassy or corporate that needs office and residential space on one premises.

The 1st floor has a double volume lounge, mezzanine family area, study area, 4 bedrooms, 3 bathrooms, kitchen, scullery, and dining area with glass doors leading out onto the lovely rooftop area where you can enjoy the stunning sunrises, sipping your first coffee of the day!

The 2nd home on the 2nd floor has its own street entrance and carport, 3 bedrooms, 3 bathrooms, study, full kitchen, dining area and 117 sqm entertainment area, which could also be used as offices. This area also has a spacious patio area from where you can enjoy your coffee and the sunrise every morning!

The lower level has a one-bedroom flatlet, 3 car garage and a home office.

INSTANT SAVINGS & GOING GREEN:

Save up to 80% or more on your annual pool heating, electrical, and chemical costs, just from adding a pool cover! If you Finance your pool cover, the savings from reduced maintenance, solar heating, energy conservation, & elimination of evaporation, in most cases, will exceed your monthly payment!

SAFETY, PEACE OF MIND:

Pool Covers completely cover the water surface making a perfect safety barrier for both children and pets. Fences can be climbed, alarms still allow time in the water, but a pool cover supports the weight of an adult person (only in new condition, but it's not extended playground for kids), and provides more barrier protection than any other pool-safety device.

OTHER BENEFITS:

Hook-In-System and Track systems available | Developed & manufactured locally | Save water, time & electricity
No algae growth and hardly any dirt | Even during holidays, your pool stays maintenance free.

CHECK OUT THE CANTILEVER UMBRELLA BENEFITS:

No centre pole | Rotates 360° | Powder coated aluminium
All parts replaceable
